

POSITIVE Puzzles

Seasonal BEHAVIOR CHARTS

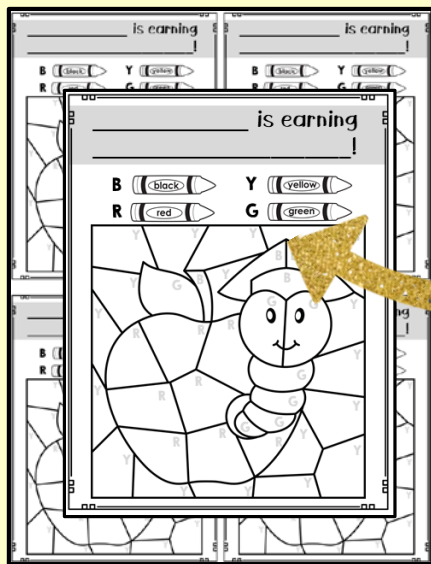

INDIVIDUAL
& CLASS

Created By: ©Christina Winter

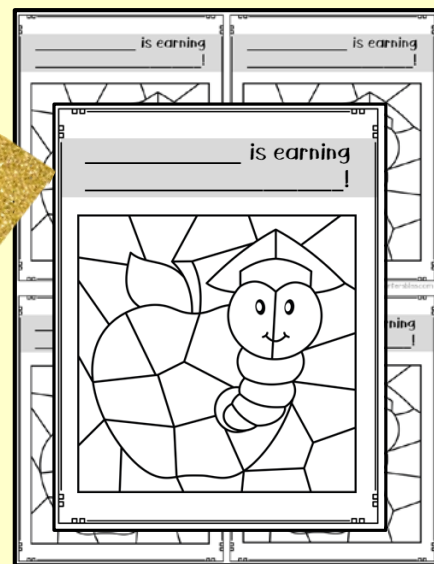

3 OPTIONS FOR USE

For individual students (print smaller puzzles- 4 to a page). Students can tape a puzzle on desks, in notebooks, or keep in pencil boxes. The puzzle pieces are colored according to the color code as a reinforcement of their positive behavior choices.

For individual students same as above except students color pieces any way they choose.

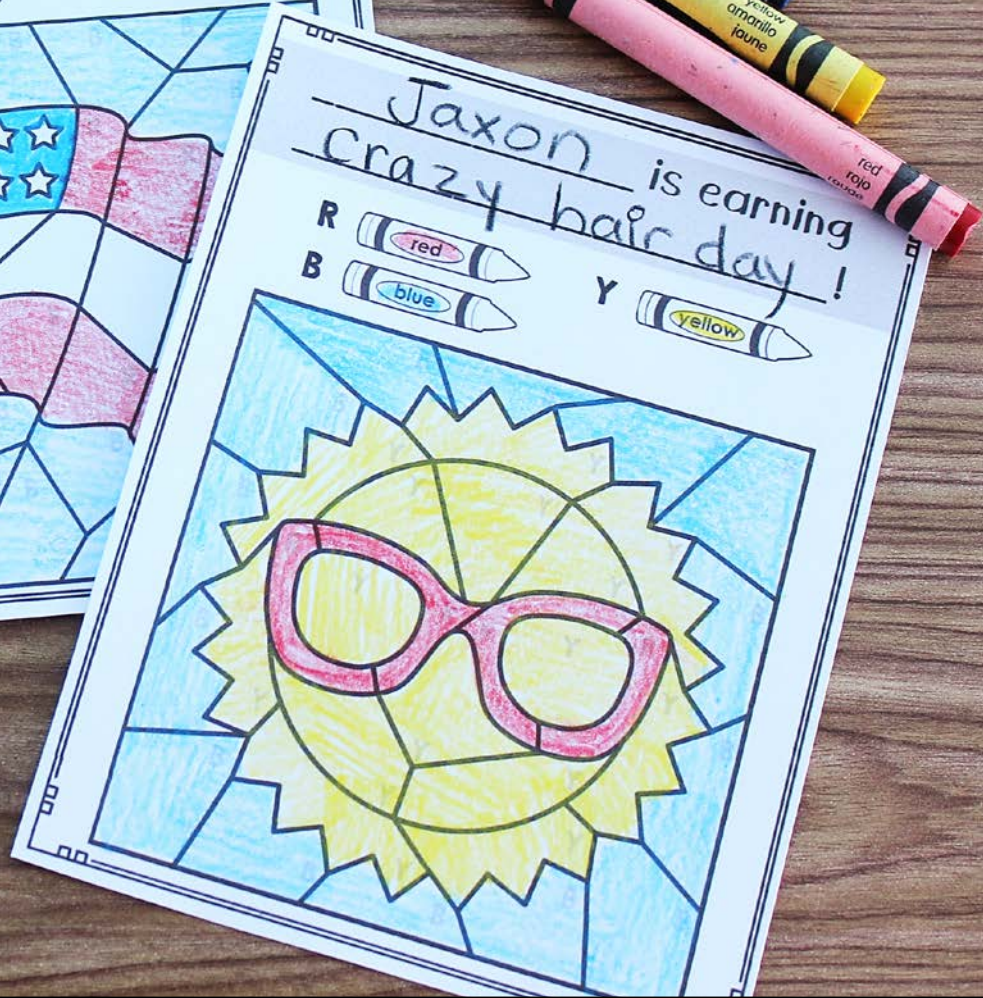

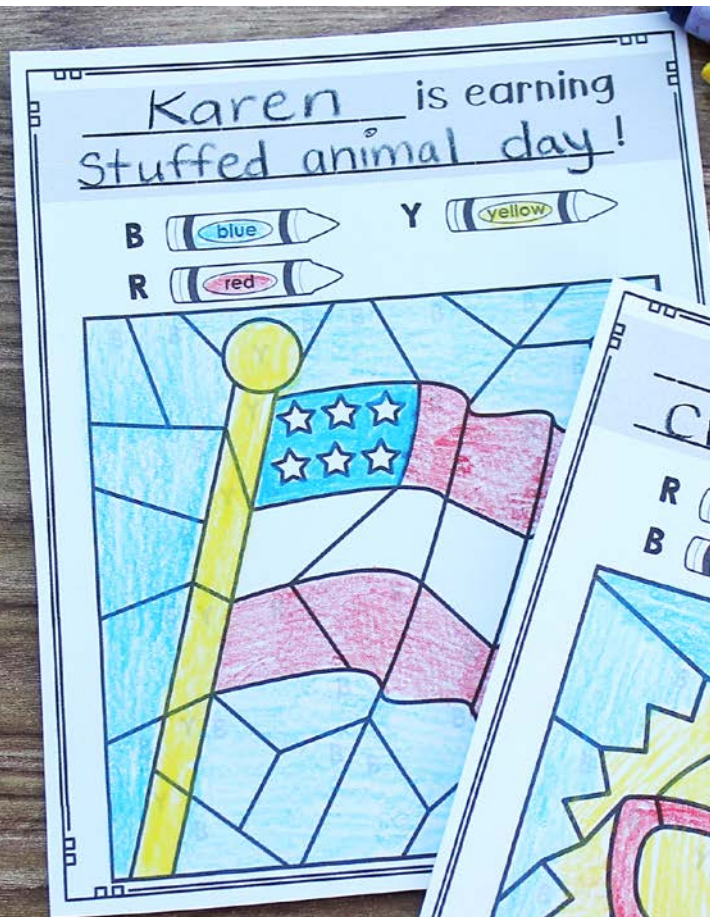

Whole class Positive Puzzles print the full sheet puzzles and post on the whiteboard or central location. Class earns a piece to color when entire class is exhibiting positive behavior choices.
