## EXAMPLES OF WORDS WITH THE PHONICS SKILL

### Word Study Unit: r-controlled ar

families,

week your student is studying words with the phonics skill r-controlled ar. When the letter a is in the middle of a word, it typically represents a short vowel a sound. However, when it is followed by r, the sound is changed. In our word study units, we are focusing on students learning an explicit phonics skill rather than memorizing a list of words.

Some words that feature this phonics skill are:

<b>arm</b>	<b>star</b>	<b>yarn</b>
<b>park</b>	<b>harp</b>	<b>shark</b>
<b>barn</b>	<b>art</b>	<b>card</b>

Some of these words may be on your student's assessment at the end of the week but there will also be other words that contain this phonics skill.

#### Spelling patterns for this skill:

- The ar spelling can be used in the middle or at the end of a word: car, far, farm, hard

How to practice at home:

#### Use a word mapping routine:

- Choose a word and say it aloud: ex. car
- Talk about the meaning of the word: Let's get in the car and drive to the store.
- Tap the phonemes (sounds) of the word together: /c/-/ar/
- Write the graphemes (letters) as you sound out the word again: c-

#### Use multisensory tools:

- Form words out of playdoh
- Trace words in sand or rice
- Create words with alphabet magnets or blocks

Always have your student say the phonemes *first*, then create the graphemes
